LIFE AT EAGLE LODGE

All aspects of our residents lives and care have been thoughtfully considered:

MEDICAL

Your medical care is our top priority. Most residents are registered with a local GP, and medication is supplied and managed by our trained care staff. Upon arrival, our Team Leaders will assist with the necessary registration and paperwork if Eagle Lodge is outside your current practice's area. Our GP partner, Murrayfield GP Practice, visits every Thursday to review health needs, and district nurse support continues as required. Medication can be self-managed or administered by our staff, with repeat prescriptions arranged through your Team Leader. Additionally, chiropody, dental, and optician services are available on-site, and we provide support and transport for hospital appointments when needed.

WELLBEING

Our on-site salon provides professional hairdressing and nail services to help residents look and feel their best. We also host regular visits from opticians, dentists, and chiropodists who are experienced in supporting our residents. To ensure daily life runs smoothly, we provide a full in-house laundry service.

FAITH

We respect all religious beliefs and maintain strong links with local churches and other faith-based organisations to support the spiritual needs of our community.

TELEPHONE AND CONNECTIVITY

Each room at Eagle Lodge is equipped with a terminal for a personal telephone. Residents can request a dedicated phone line, and our team is available to provide information about costs and assist with installation. Family and friends are also welcome to contact you through the main home office.

VISITORS AND COMMUNITY

We operate an open-door policy and warmly welcome family and friends to visit. Loved ones are encouraged to join us for lunch, outings, and social gatherings, or simply to enjoy time together in our gardens. We also value our place in the wider community and regularly welcome visits from local schools, nurseries, churches, befrienders, and entertainers.

Each room at Eagle Lodge is a sanctuary designed for comfort, privacy, and independence. Most rooms feature en-suite facilities and can be adapted with specialised equipment, such as adjustable beds or moving aids, to meet individual needs. For peace of mind, each room has a nurse call system, and the home is protected by comprehensive safety and security measures. We warmly encourage you to bring your favourite furniture, photographs, and personal items to create a space that feels truly like home.

Our communal spaces are just as inviting, designed to encourage socialising while still offering quiet corners for reflection. Relax in our comfortable lounges, enjoy a refreshment in one of the small kitchens on each floor, or gather with others in our spacious dining areas.

Outside, our beautiful gardens offer winding pathways, restful seating areas, and a space reserved for those who enjoy growing their own plants and flowers.

Care at Eagle Lodge is deeply personal. Each resident is paired with a dedicated Key Worker and supported by a consistent care team, ensuring continuity and the opportunity to build real, trusting relationships. Through daily activities, mealtimes, or simply enjoying your leisure time, we empower you to maintain the routines that suit your lifestyle.

For special occasions, we love to see families and friends joining us in our dining rooms or gardens. At Eagle Lodge, we aren't just a care home; we are a vibrant, supportive community where every resident is cherished and, above all, feels at home.
